# CA SYSDVIEW® Performance Management

## The Systems Programmer's Tool Kit

Jim Cray

Session 8695

**SHARE**  
Technology • Connections • Results

## Abstract

- In this session, the speaker will present a tour of CA SYSVIEW Performance Management, a tool kit for the System Programmer. He will provide an overview of performance management products and explain how they can assist and train you with common z/OS functions. This session is highly recommended for new and experienced System Programmers.

## 1. THE MARKET

### Mainframe Platform Drivers

- Business Growth
- Hardware Evolution
- Mainframe Virtues

## 2. THE CHALLENGES

### Control Costs

- Do More...
- "...with less"
- "...with nothing"

### Sustain Critical Skills

- Build next generation team dynamically
- On ramp for next gen is long and complex

### Increase Agility

- Provision services faster
- Multiplatform data center
- Solve critical issues

## 4. THE PROGRAMS

### Promises Made

Maximize Value

1

Simplify Management

2

Practical Innovation

3

### Promises Kept

Customer Engagement  
Technology Exploitation

Mainframe Software Mgmt  
Mainframe Stack

Integration, Productivity,  
and Insight

## 3. THE STRATEGY

Maximize  
Value

Simplify  
Management

Practical  
Innovation

*Best in Class Quality, Support, and  
Customer Experience*

# CA SYSVIEW Performance Management

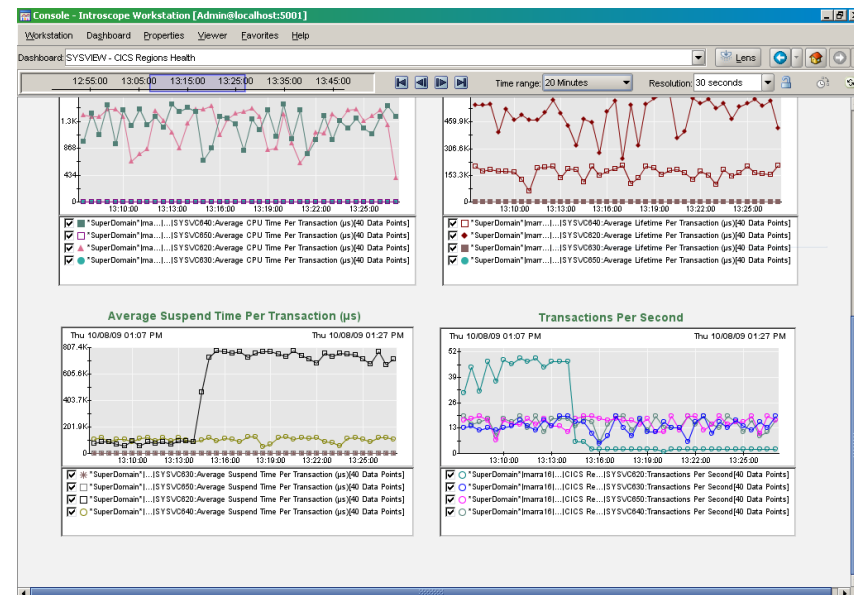

- Monitors and manages z/OS, JES, USS, CICS, IMS, TCP/IP, WebSphere MQ, CA-Datacom
- Centrally responds to alerts across systems
  - Logically drill down to resolve

## ❑ Powerful problem diagnosis

Event Capture Option, graphs, degradation analysis, reports, interval analysis, exception analysis, tracing

## ❑ Problem resolution

Tool kits and utilities  
Issue line commands, system commands

# Solution Components – CA SYSVIEW

- Base
  - Monitor and manage z/OS, USS, JES, WLM, Coupling Facility and Parallel SYSPLEX
  - System Condition Monitor
  - Report Writer
  - Graphical User Interface
  - Performance / Administration Management
- Option for CICS
  - Performance / Administration Management for CICS
- Option for IMS
  - Performance / Administration Management for IMS
- Option for WebSphere MQ
  - Performance / Administration Management for MQ
- Option for TCP/IP
  - Performance / Administration Management for TCP/IP
- CA Datacom/DB Option
  - Performance Management for Datacom
- Event Capture Option
  - Past problem diagnosis tool
- CA SYSVIEW for CA WILY APM
