## Challenges as a Woman in Technology

## Lessons Learned

- 1 Assess constraints at every life event
- 2 Seek opportunities to grow skills and experiences
- 3 Follow through on what you commit to
- 4 Beware of “*perfectionist*” tendencies

## How Mentors can Help

At various points, you need Mentors to:

- 1 Encourage you and build your confidence
- 2 Help you build your Expertise to Excell
- 3 Expose you to new opportunities
